The Fenian Funeral Demonstration—Scene in Hyde Park—London Quiet—Arrest of a Fenian Officer.

The expected demonstration of sympathy for the fate of Allen, Gould and Larkin took place today.

At noon a funeral procession, consisting of about two thousand persons, was formed and slowly marched to Hyde Park. One of the most conspicuous objects in the procession was a large black banner, upon which was inscribed the motto:

"Man's inhumanity to man makes countless thousands mourn."

On the arrival of the mourners at Hyde Park a solemn meeting was organized according to the programme previously announced.

Three stands had been erected on the grounds, from which, during the afternoon, the people were addressed by various speakers. Strong appeals were made to the sympathies of the audience, and the hurried execution at Manchester were condemned in bitter terms.

Notwithstanding the peculiar nature of the occasion and the character of the assembly, good order prevailed throughout the proceedings, and the police, who were prepared for an emergency, were not once called upon to interfere.

No disturbance whatever occurred and the city is perfectly quiet.

A prominent Fenian leader, Colonel Burke, was arrested here today. It is alleged that he was the organizer of the secret expedition which threatened the capture of Chester Castle in February last.

A committee was appointed to inquire into the expediency of removing the Capitol of the State from Montgomery to some more central site in the State.

The Committee on Representation presented their report, which advised that the present basis of county representation be not disturbed, and that the Congressional districts of the State remain as they exist at present under the revised code of Alabama. The Committee also recommended that the money collected under the head of the cotton tax, which has been appropriated to the use of the State, be refunded to the producers.

The Convention then adjourned until to-morrow.

POLICE INTELLIGENCE.

A CONVENTION. On the complaint and at the instance of Marcus Berline, of 230 Clinton street, Elizabeth King, a servant, who had for some time resided in his family, was arrested yesterday morning and arraigned before Justice Mansfield, of the Third District Police Court, for the alleged stealing and concealing of a gold chain, money and goods to the value of \$120.

The property was alleged to have been found in the girl's possession, and on being interrogated she promptly confessed the theft. She was committed for trial to the General Sessions on the charge of grand larceny.

ALLIGED ROBBERY OF A POCKETBOOK CONTAINING \$225.—Catherine Fitzgerald, of No. 126 Cherry street, went before Justice Mansfield yesterday morning, at the Third District Police Court, and alleged that she had a pocketbook in her possession, containing \$225, on returning to her room on the night of Saturday, the 23d inst., which she believed was stolen from her by a person named William Moran, and in this case—On closing the door on Saturday night she found her handbag and other articles on the baggage table, in the room, as she believed, and the above house (which is kept by her brother) to return to her room, and on finding the money and money under the mattress. On rising and dressing herself at eight o'clock yesterday morning, she removed the mattress and bedclothes to another part of the room and packed them away in her trunk. While so engaged she forgot the pocketbook. Meanwhile, the door being open, the accused, William Moran, came into the room, saw the money, and remained there conversing with the defendant for about half an hour.

On his retiring she thought her of the book and money, and hastened to the baggage table to take it up. It had disappeared. As no person named Moran had been in the room from the time she retired until she had missed the wallet and money, she believed that the money had been stolen from her by Moran, and she was arrested by Officer Jarboe, of the Seventh precinct, and was temporarily committed for examination.
